### [Vatican's focus on moral and ethical impact of new technologies](#) ["a challenge to do better,"](#) [scientists say](#)

During a Vatican conference, **Tim Weninger**, the Frank M. Friemann Collegiate Associate

Professor of Engineering at the University of Notre Dame, spoke on how the internet has become the primary means of public communication. Wenginger is part of a unique collaboration of experts in the Department of Computer Science and Engineering with experts in the **Keough School of Global Affairs** and the **Kroc Institute for International Peace Studies** using artificial intelligence to identify and track manipulative, false and dehumanizing messages on high-stakes issues in political discourse and develop a better understanding of the new dynamics of human communication.

## [Student Profile](#)

### [Analina Barnes \(B.A. '24\)](#)

**Analina Barnes** is a sophomore studying anthropology with a minor in peace studies. Originally from New Orleans, Louisiana, she grew up speaking English, French, and Spanish at home. Analina chose Notre Dame because it was a well-regarded school and she felt that the academic programs here fit her interests.

In this interview, she talks about her future plans, combining her passions for peace studies and anthropology, and her definition of peace studies.
